

ezBox™

Tapit Nova ready to run out of the box

Tapit NOVA ezBox is a turnkey, hardware and software solution. No need for a new PC - Tapit Nova is ready to run right out of the box!

TAPIT NOVA is an easy-to-use business productivity and management tool

NOVA supports the following PBX platforms: 3COM, Alcatel, Allworks, Asterisk, Avaya, Cisco, Comdial, ESI, Inter-tel, Iwatsu, Mitel, NEC, Nortel, Samsung, Shoretel, Siemens, Tadiran, Toshiba, Vodavi, and many others...

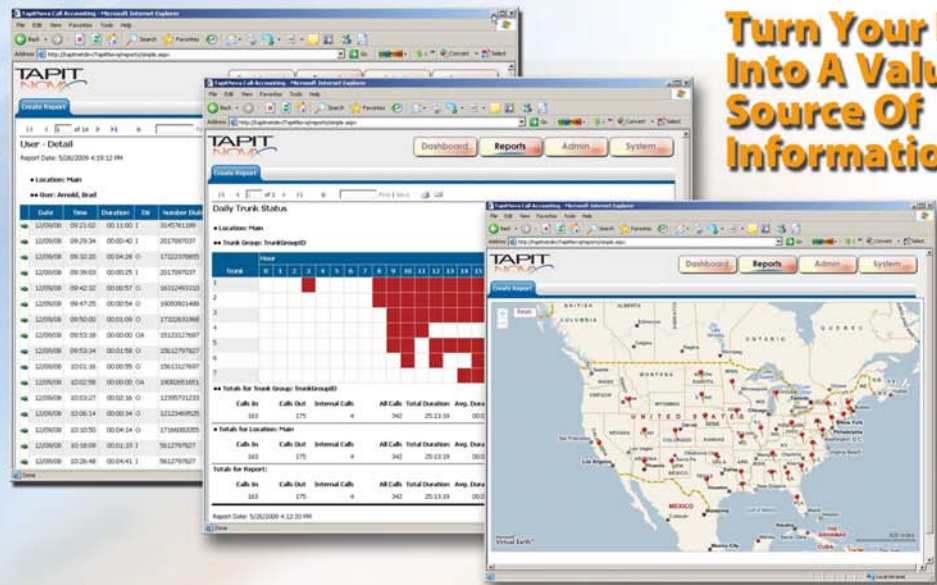

This product is implemented using industry standard ASP.NET and SQL Server.

Running as a Windows service, TAPIT NOVA stores the call record information generated by your phone system in a SQL database, and lets you recall it in your choice of report formats, providing you with vital information to better manage your business.

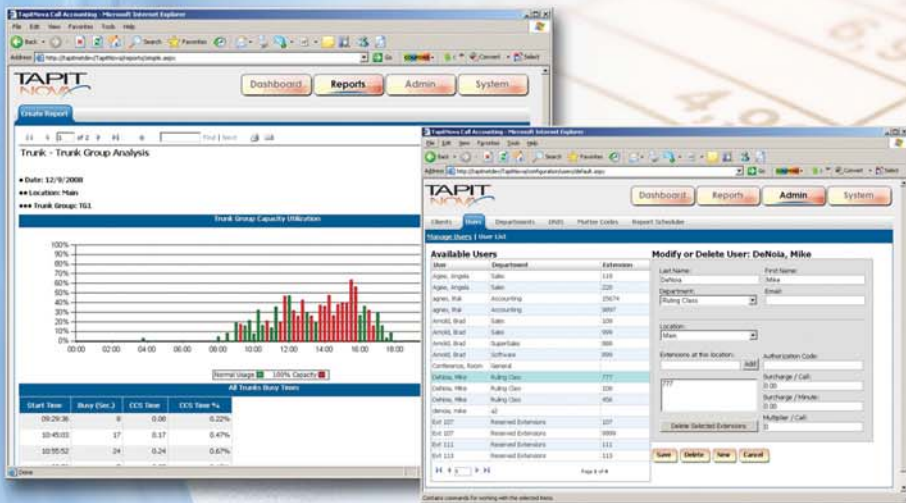

TAPIT NOVA Offers:

- 100% Web user interface
- SQL Server database
- Customizable Report Dashboard
- Real-time data collection
- Flexible Report Scheduler
- DNIS campaign tracking
- 911, SMDR Failure, Fraudulent Calls Alerts
- Automatic Archive
- Export to time and billing packages, spreadsheet or text file
- Built-in flexible pricing editor
- User Authorization Codes
- Ability to add searchable text to specific calls

Turn Your Phone Into A Valuable Source Of Information

- ANI / Caller ID Deluxe reporting
- Automatic report emailing
- Unlimited Supervisors with restrictions-based access
- Flexible call record editor
- Supports Client Account and Matter Codes
- Tracks Ring time, On-hold time and Abandoned calls
- Multi-User and Multi-Site support

TAPIT NOVA Call Accounting

lets you analyze ALL of your telephone activity and use that analysis to:

- control costs
- increase productivity
- better manage personnel
- generate revenue
- allocate calls to various cost centers
- track advertising costs
- identify fraudulent use
- evaluate staffing requirements
